It is our expectation that for 15 weeks between parents evening and May half term students in Y11 access after school support **most** evenings of the week. These final 15 weeks of pre 16 education are the most important of your school life so far; having worked for nearly 11 years to get here it is important we support you in this final push towards the exams.

This is **NOT** a punishment, and should not be viewed as such. Instead it is an opportunity to get extra support on the road to achieving your potential. If your effort in school is consistently below 4, however, then you will be required to attend as part of the extended schooling programme.

The subjects have been deliberately spread out to give you the opportunity to access every area of study, not just focussing on certain subjects. If there are clashes, however, please speak to the subjects concerned to try and work a compromise. Your last day of school will be **FRIDAY 16th JUNE** with the assembly on the afternoon of that day. Please see Mrs Reynolds, Mr Rothwell, Mrs Lacey or Mr Patterson if you have any questions.
